STATEMENT AFTER NOTICE OF ALLOWANCE REGARDING
TYPOGRAPHICAL ERROR IN THE FILE

Applicants request entry into the file after receipt of a Notice of Allowance of the following statement regarding an unintended typographical error in the file for the above identified application. This statement is submitted concurrently with the payment of the Issue Fee and entry into the file therefore respectfully requested.

Applicants submitted on October 14, 2009, together with filing a RCE, a signed Rule 1.132 declaration by Claude Singer, a named co-inventor of the above identified U.S. Application Serial No. 10/773, 535 (“the ‘535 application”). The Rule 1.132 declaration clearly identifies that the declaration is submitted in connection with the ‘535 application, as identified in the heading and numbered paragraphs 1, 3, 4, 15, 16, and 20-22 of the declaration. Upon review applicants noted that the last paragraph, numbered paragraph 23, of the Rule 1.132 declaration includes an unintentional typographical error in referring to the application as the ‘485 application which clearly should have referred to the ‘535 application.

Considering that this statement regarding the unintended typographical error is submitted on or before the date of payment of the Issue Fee applicants respectfully request entry into the file of the application.

Respectfully submitted,
KENYON & KENYON LLP

Dated: January 27, 2010
